21st January 2021

Dear Parents and Carers,

I want to thank you for your support with your child's engagement in remote learning. We have been really impressed with the commitment and enthusiasm that our children have shown. Thank you for encouraging them. It is this partnership that means when our children all return to school the disruption of lockdown will have minimal impact on your child's progress and wellbeing.

We have all been amazed by the children's participation in live lessons. Their confidence when communicating through teams, their enthusiasm to engage with their learning and the work that they are submitting has been fantastic. A huge well done to all of our children – we are really proud of you. Please keep up with your wonderful attitude to your learning!

We have received so many lovely emails and messages of appreciation for the quality of remote learning and support that is taking place throughout the school – these are so lovely to receive and I know that our staff really appreciate reading them. All of our staff are going above and beyond in all their job roles, working incredibly hard to ensure we maintain the high standard of teaching and learning and pastoral care that we are so proud of in our school.

You will have received a short survey about the remote learning. Please do take the time to complete this survey. This will help us to find out what we're doing well and where we could do better.

Please complete the survey by Tuesday 26th January 2021. Your replies will be treated in the strictest confidence.

Yours sincerely

Miss D Lee (Principal)
