Pupil Extra-Curricular Activities Survey

Dear Parent/ Carer,

We are keen to ensure that our extra-curricular provision reflects the interests and needs of our pupils. To help us plan future clubs and activities, we are asking families to share their views about the clubs they currently attend, those they have enjoyed in the past, and any new clubs they would like us to consider.

Please click on the link below and take a few minutes to complete the short survey with your child. This feedback will help us shape our future club offer and ensure that a wide range of interests and needs are represented.

After School Club Survey – Fill out form

The information gathered will help us evaluate our current offer and identify any barriers that may prevent children from participating in wider school life.

Please complete the survey by Monday 19th October.

Thank you for your continued support.

Yours sincerely,

N. Glover
