Power Maths Online Activities

Dear Parent/ Carer,

We use the Power Maths scheme of learning to support our teaching of mathematics at St Wilfrid's. As part of our subscription, we have access to online learning activities which support the teaching and learning completed in class.

For some maths homework, pupils will be set games/tasks online related to their current or previous learning. They will need to log in to the Active Learn website to complete these activities. Please use the following link or QR code at the bottom of the page to access the website:

<https://www.activelearnprimary.co.uk/login?c=0>

Your child will come home this week with a login card with their personal login details.

Power Maths Homework Login Details	
Name:	
Username:	
Password: powermaths	
School code: wskm	 

Should you be unable to complete the online homework as you do not have access to a laptop or tablet connected to the internet, please let your child's class teacher know so alternative arrangements can be made.

Thank you for your ongoing support.

Mr Glover

Principal
